

Poster Sessions I
Integrating Biological, Social, Behavioral and Environmental Determinants of Health
Thursday, November 1, 2012

POSTER NO.	PRIMARY AUTHOR	ABSTRACT TITLE
T01-001	Swann Adams	Geospatial methods in examining cervical cancer screening behaviors at three health centers in South Carolina
T01-002	Richard Allman	Racial/Ethnic Differences and Similarities in Predictors of Life-Space Over 8.5 Years
T01-003	Oelisoa Andriankaja	The potential association between pre-diabetic condition and gingival and/or periodontal inflammation
T01-004	Holly Avey	Health Impact Assessment and Health in All Policies – Tools and Approaches for Translating and Applying Health Disparities Research from Multiple Fields
T01-005	Elizabeth Baker	Building hope: Intervening to reduce risk factors for cardiovascular disease among rural African American men
T01-006	Latonya Been	Genome-wide association study identifies CSNK2A2 gene to be associated with leukocyte telomere length in the Punjabi Sikh diabetic cohort
T01-007	Kelly Bower	Racial Disparities in Obesity Among Women: The Role of Segregation and Supermarket Availability
T01-008	Apryl Brown	Public Health Genomics An Effective Diagnostic Tool for Minorities
T01-009	Meg Bruening	Adolescent overweight status and friend overweight status: The role of race/ethnicity, gender, and friendship type
T01-010	Felipe Gonzalez Castro	Psychological Distress and Frequency of Mobility Across the El Paso-Juarez Border: Risk and Protective Factors
T01-011	Victor Chaban	Hormonal Modulation of Visceral Inflammation and Pain in Women
T01-012	Jane Champion	Ethical Frameworks for Translation of Community-Based Behavioral Interventions
T01-013	Ramya Chari	Integrating Susceptibility into Environmental Policy: An Analysis of the National Ambient Air Quality Standard for Lead
T01-014	Ganna Chornokur	Polymorphisms in the metabolism related genes and obesity may explain prostate cancer disparity in African American men
T01-015	Jennifer Cullen	The Roles of Race/Ethnicity and Body Mass Index on Prostate Cancer Progression and Survival
T01-016	Gniesha Dinwiddie	Residential Segregation and Disparities in Anti-Depressant Use: Evidence from the Medical Expenditure Panel Survey (MEPS)
T01-017	Amanda Foran	Case Studies on the Feasibility of Exergaming to Enhance Physical Activity in Youth with Autism Spectrum Disorders
T01-018	Alyssa Gamaldo	Factors associated with Sleep Disturbances in African Americans
T01-019	Jennie Hill	Food insecurity is associated with increased BMI and reduced fruit and vegetable intake among residents in a health disparate region.
T01-020	Christine Holler-Dinsmore	Reducing Stress on an American Indian Reservation, An Underserved Population
T01-021	Allan Johnson	African American and Latino Patient Versus Provider Perceptions of Determinants of Prenatal Care Initiation
T01-022	Vicki Johnson-Lawrence	Does social connectedness modify associations between observed neighborhood disorder and deterioration and physical activity?
T01-023	Paul R. Jones	Chronic Health-Related Stereotype Threat Predicts Health Services Delays Among Blacks

Poster Sessions I
Integrating Biological, Social, Behavioral and Environmental Determinants of Health
Thursday, November 1, 2012

POSTER NO.	PRIMARY AUTHOR	ABSTRACT TITLE
T01-024	Meena Mahadevan	Barriers to Optimum Nutrition and Perceived Nutrition Needs of HIV-Positive Ethnic Minority Female Substance Abusers
T01-025	Deborah Mangold	Generational Status Moderates the Effects of Extraversion on the Cortisol Awakening Response in Mexican American Adults
T01-026	William McDonnell	Protecting Vulnerable Populations from Hazardous Air Pollutants
T01-027	Jessica McNeely	Exploring the influence of neighborhood income and income inequality to resting blood pressure in a diverse sample of urban dwelling adults
T01-028	Kymberlee M. O'Brien	Health Disparities in Biological and Perceived Chronic Stress: Protections and Vulnerabilities
T01-030	Ana Penman-Aguilar	SOCIOECONOMIC DISADVANTAGE AS A SOCIAL DETERMINANT OF TEEN CHILDBEARING
T01-031	Keshia Pollack	Health Impact Assessment: A Potential Tool to Address Health Disparities and Promote Equity
T01-032	Lorena Salto	Evidence for Unique Type 2 Diabetes Interventions: How the Ala54Thr Polymorphism of the Fatty Acid Binding Protein 2 Gene Modulates Glycemic Control Improvements in Mexican-Americans
T01-033	Lawrence M Schell	Health Disparities in Smaller Cities: What Differences Make a Difference?
T01-034	Sherrill Sellers	Is knowledge of human genetic variation associated with use of race in clinical decision making?
